MORE INFO

EXCELLENT VERY GOOD GOOD FAIR POOR

What's behind the ratings?

Ease of use

Based primarily on ease of safety harness use, folding and unfolding, adjusting backrest, lifting and carrying, engaging wheel brakes and car seat removal, and installation (only for compatible strollers).

Maneuverability

Maneuverability was assessed by trained staffers on how well the stroller maneuvered S-turns through cones, narrow sections, grass, dirt trails, uphill, downhill and curbs while walking.

Safety

Safety for each stroller was assessed by our testing applying the ASTM F 833-07a – an industry voluntary standard – and stability and usage tests designed by Consumers Union.

Durability

We assessed durability by rolling the strollers 19 miles over 150,000 bumps with a 40 pound bag in the seat, then each stroller was folded and unfolded 10 times to check for mechanical failure or unusual wear.
